Lunch and curriculum materials are provided.

Faith Community Nurses (FCNs) are registered nurses trained to provide care of the mind and spirit while working with and through a healthcare organization, a faith community, or the community-at-large. Spiritual care is the intentional care of all aspects of the life of a person: body, mind, and spirit, and is a skill required by most healthcare accrediting organizations. Health Ministers are individuals who do not have a nursing degree or license, but take this course to gain spiritual care skills. If you have a heart that longs to relieve suffering and a mind for problem solving within your community, this is the course for you.

All course participants receive a certificate as documentation of attendance, including contact hours and topics to submit to the certifying body of their choice.

This Foundations of Faith Community Nursing course is based on the curriculum developed through the Westberg Institute for Faith Community Nursing, which curriculum is owned by Church Health Center of Memphis, Inc., 1350 Concourse Ave., Suite 142, Memphis, TN 38104.
